Save your Money, and you save your Country!

THE *Boston-* AND COUNTRY *Gazette,* JOURNAL.

No. 657.

Containing the freshest Advices, Foreign and Domestic.

MONDAY, NOVEMBER 2, 1767.

Boston, November 2.

At a Meeting of the Freeholders and other Inhabitants of the Town of *Boston*, legally assembled at *Faneuil*-Hall, on Wednesday the 28th of *October*, 1767.

The Hon. JAMES OTIS, Esq; *Moderator.*

A Written ADDRESS to the Inhabitants, subscribed *Philo Patriæ*, recommending Oeconomy and Manufactures, was, by their Order read—

THE Town then took into Consideration the Petition of a Number of Inhabitants, "That some effectual Measures might be "agreed upon to promote Industry, Oe- "conomy, and Manufactures; thereby "to prevent the unnecessary Importation of Euro- "pean Commodities, which threaten the Country "with Poverty and Ruin:" Whereupon in a very large and full Meeting, the following Votes and Resolutions were passed Unanimously.

Whereas the excessive Use of foreign Superfluities is the chief Cause of the present distressed State of this Town, as it is thereby drained of its Money; which Misfortune is likely to be increased by Means of the late additional Burthens and Impositions on the Trade of the Province, which threaten the Country with Poverty and Ruin:

Therefore, *VOTED*, That this Town will take all prudent and legal Measures to encourage the Produce and Manufactures of this Province, and to lessen the Use of Superfluities, & particularly the following enumerated Articles imported from Abroad, viz. *Loaf Sugar, Cordage, Anchors, Coaches, Chaises and Carriages of all Sorts, Horse Furniture, Men and Womens Hatts, Mens and Womens Apparel ready made, Houshold Furniture, Gloves, Mens and Womens Shoes, Sole-Leather, Sheathing and Deck Nails, Gold and Silver and Thread Lace of all Sorts, Gold and Silver Buttons, Wrought Plate of all Sorts, Diamond, Stone and Paste Ware, Snuff, Mustard, Clocks and Watches, Silversmiths and Jewellers Ware, Broad Cloths that cost above* 10*s. per Yard, Muffs Furrs and Tippets, and all Sorts of Millenary Ware, Starch, Womens and Childrens Stays, Fire Engines, China Ware, Silk and Cotton Velvets, Gauze, Pewterers hollow Ware, Linseed Oyl, Glue, Lawns, Cambricks, Silks of all Kinds for Garments, Malt Liquors and Cheese.*—And that a Subscription for this End be and hereby is recommended to the several Inhabitants and Housholders of the Town; and that *John Rowe*, Esq; Mr. *William Greenleaf*, *Melatiah Bourne*, Esq; Mr. *Samuel Austin*, Mr. *Edward Payne*, Mr. *Edmund Quincy*, Tertius, *John Ruddock*, Esq; *Jonathan Williams*, Esq; *Joshua Henshaw*, Esq; Mr. *Henderson Inches*, Mr. *Solomon Davis*, *Joshua Winslow*, Esq; and *Thomas Cushing*, Esq; be a Committee to prepare a Form for Subscription, to report the same as soon as possible; and also to procure Subscriptions to the same.

And whereas it is the Opinion of this Town, that divers new Manufactures may be set up in America, *to its great Advantage, and some others carried to a greater Extent, particularly those of Glass & Paper*

Therefore, *Voted*, That this Town will by all prudent Ways and Means, encourage the Use and Consumption of Glass and Paper, made in any of the British American Colonies; and more especially in this Province.

[*Then the Meeting adjourn'd till* 3 *o'Clock Afternoon*]

III o'Clock, *P. M.*

THE Committee appointed in the Forenoon, to prepare a Form for Subscription, reported as follows.

WHEREAS this Province labours under a heavy Debt, incurred in the Course of the late War; and the Inhabitants by this Means must be for some Time subject to very burthensome Taxes:—And as our Trade has for some Years been on the decline, and is now particularly under great Embarrassments, and burthened with heavy Impositions, our Medium very scarce, and the Balance of Trade greatly against this Country:

WE therefore the Subscribers, being sensible that it is absolutely necessary, in Order to extricate us out of these embarrassed and distressed Circumstances, to promote Industry, Oeconomy and Manufactures among ourselves, and by this Means prevent the unnecessary Importation of European Commodities, the excessive Use of which threatens the Country with Poverty and Ruin—DO promise and engage, to and with each other, that we will encourage the Use and Consumption of all Articles manufactured in any of the British American Colonies, and more especially in this Province; and that we will not, from and after the 31st of *December* next ensuing, purchase any of the following Articles, imported from Abroad, viz. *Loaf Sugar*, and all the other Articles enumerated above.—

And we further agree strictly to adhere to the late Regulation respecting Funerals, and will not use any Gloves but what are Manufactured here, nor procure any new Garments upon such an Occasion, but what shall be absolutely necessary.

The above Report having been considered, the Question was put, Whether the same shall be accepted? *Voted unanimously in the Affirmative.*—And that said Committee be desired to use their best Endeavours to get the Subscription Papers filled up as soon as may be. Also, *Voted unanimously*, That the foregoing Vote and Form of a Subscription relative to the enumerated Articles, be immediately Published; and that the Selectmen be directed to distribute a proper Number of them among the Freeholders of this Town; and to forward a Copy of the same to the Select-Men of every Town in the Province; as also to the principal City or Town Officers of the chief Towns in the several Colonies on the Continent, as they may think proper.

That Clause in the Warrant, "That the Mind and Resolution of the Town may be taken with Respect to the Expediency of a humble Request to his Excellency the Governor, that he will convene the General Assembly as soon as may be," was read, and considered: Whereupon, *Voted unanimously*, That the Representatives of the Town having already made humble Application to his Excellency the Governor for the Purpose above-mentioned, the Town do approve of their Conduct therein; hereby declaring their Sense of the Importance of the Measure, and expressing their Hopes that his Excellency will be pleased to favor it, by convening the General Assembly as soon as conveniently may be.

The Clause in the Warrant, viz. "To consider of some Measures for employing the Poor of the Town of *Boston*, by reviving the Linnen Manufacture, and in such other Ways as shall be thought most beneficial," was read—Whereupon *Voted*, that John Barrett, Esq; Mr. Edward Payne, Middlecot Cook, Esq; Mr. Henderson Inches, Melatiah Bourn, Esq; Jonathan Williams, Esq; Ezekiel Goldthwait, Esq; be a Committee for the Purpose aforesaid, to Report as soon as may be.—

Upon a motion made, *Voted*, That the Town will take all proper Measures, by keeping in their Children and Servants, & other Ways, to prevent the Disturbances which have sometimes happened on or about the 5th Day of November.

Attest,

William Cooper, *Town-Clerk.*

Then the Meeting was Adjourn'd to the 20th Day of November next.

At the above Meeting several Samples of Starch, called Poland Starch, and of the common Sort of Starch; Hair Powder of the best Sort, Glue, and Snuff like Kippen's, so called, all manufactured in this Town by Messi'rs Hewes, Baker and Gillispie, were produced in Town Meeting, and much approved of.

Mr. John Baker who manufactures the Poland Starch so called, being present, declared his Readiness to contract with the Inhabitants for *Two Thousand* Barrels at the prime Cost of that Article in London.

Mr. Gillispie the Manufacturer of Scotch Snuff so called, offered to furnish the Inhabitants with what may be wanted, at the first Cost of that Article in North Briton.

The Town were also informed that our Paper Manufacturers had given Assurance, that in Case they can be supplied with the necessary Materials, usually burnt or thrown away in our great Towns, they could supply the Province with whatever Sorts of Paper they have Occasion for, in sufficient Quantity, with some left for the other Colonies.

Abstract of an ACT, *for restraining and prohibiting the Governor, Council, and House of Representatives, of the Province of* New York *until Provision shall have been made for furnishing the King's Troops with all the Necessaries required by Law, from passing or assenting to any Act Vote or Resolution for any other Purpose.*

THE Preamble to this Act sets forth, That the Province of *New York* having, in direct Disobedience of the Authority of the *British* Legislature, by the Acts of 5, 6, and 7 *Geo.* III. refused to make Provision for the Necessaries required by those Acts, it is, therefore, hereby enacted,

That from and after the First Day of October, 1767, the Governor and Council of *New York*, are prohibited to pass or assent to any Act of Assembly, or any Vote or Resolution of the House of Representatives; and the said House, likewise prohibited to pass, or make any Vote or Resolution, except for Adjournment, until Provision be made by them, for furnishing the King's Troops with all the Necessaries required by the recited Acts; and all Acts of Assembly, &c. contrary to the Tenor hereof, after Oct. 1, 1767, are declared void, except as to the Choice and Approbation of a Speaker of the House.

Abstract of an ACT *to enable his Majesty to put the* Customs, *and other Duties, in the* British *Dominions in* America, *and the Execution of the Laws relating to Trade there, under the Management of* Commissioners *to be appointed for that Purpose, and to be resident in the said Dominions.*

AS the officers, appointed for the collection of the rates and duties in America, are obliged, by 25 Car. II. to apply to the Commissioners of the Customs in England, for their special instructions and directions, upon every particular doubt and difficulty which arises, in relation to the payment of the said rates and duties; whereby all persons, concerned in the commerce and trade of the said Colonies and Plantations, are greatly obstructed and delayed in the carrying on and transacting of their business: and as the appointing of Commissioners to be resident in some convenient part of his Majesty's dominions of America, and to be invested with such powers as are now exercised by the Commissioners of the Customs in England, by virtue of the laws in being, would relieve the said Merchants and Traders from the said inconveniences, and tend to the encouragement of commerce, and to the better securing of the said rates and duties, by the more speedy and effectual collection thereof:

It is therefore hereby enacted, that his Majesty be authorised to put the Customs, and other duties, in the British Colonies in America, under the management of Commissioners to be resident there, with the same powers for carrying into execution the laws relating to the revenues & trade of the said Colonies, as are exercised by the Commissioners of the Customs in England: The Crown also is empowered in such Commissions to make provision for the execution of the said laws there.

All deputations and other authorities, granted by the Commissioners of the Customs in England before the passing of this Act, or granted before any Commission shall issue in pursuance of this Act, are to be in force there, till revoked by the Treasury.

Messieurs EDES & GILL,

Please to insert the following in your Gazette.

I HAVE heard of the Transactions in your late Town Meeting with very great Pleasure—I hope the other Towns in the Province will follow your Example—Such public Spirit, in a very large Meeting (as I am told it was) is worthy the highest Approbation. *Your's,* T. E.

To the LADIES *of* NORTH AMERICA.

LADIES,

I AM one of those who think it not only high Time but of the last Importance, that you should be publickly addressed: And of the many ingenious Pens, which in the Course of a few Years have informed and enlightened this Country, I have often wished that at least some one of them had been more particularly devoted to your Service. This would have agreeably prevented me in an Attempt to which I find myself in all Respects but too unequal. Yet relying on your good Sense and Candour, I venture to lay at your Feet a few well-intended Sentiments, which tho' in a plain homespun Garb, I hope will not offend. I am convinced that at this present it is not only in your Inclination and Will, but also in your Power, to effect more in Favour of your Country, than an Army of an Hundred Thousand Men; and indeed more than all the armed Men on this vast Continent.—Can a Woman forget her Ornaments? Yes I know she can. Deborah once judged Israel, and some think it was never judged much better afterwards. But what tho't Deborah or Jael of their Ornaments, when the one was contriving, & the other driving the Nail that would go? What tho't beautiful Esther of her Ornaments, when those of her Kindred & Houshold were in immediate and imminent Danger, by the Decree treacherously obtained by Haman, from the mouth of her beloved and almost adored Lord Ahasuerus the Great? What tho't Judith of her Ornaments, when she was severing the Head of Holofernes from his Body, or while flying with the Prize to the Relief of her despairing Friends? The Time would fail me, were I to recount the wondrous Deeds and mighty Atchievements of renowned and honorable Women in all Ages.

I have but alluded to a few Instances, among many of divine Heroism in your Sex, which hath often saved a Country, when the dull ploding Wisdom of man has been totally at a Plunge. How near we are to such a Crisis, is left to the Conjecture of others. It would be a little out of Nature to expect the Birth and Exploits of Heroines, to take Place before those of Heroes. I believe we shall be furnished with both in their Order, as Occasion may require. All I think at present that can be reasonably expected or desired of you, is to consent to lay aside all superfluous Ornaments for a Season—after which they shall be surely returned to you again with Interest.—You shall be cloathed in Purple, and Scarlet, and Fine Linnen of our own, and with other glorious Apparel; which, if possible, shall add a Lustre to your native Charms.

BOSTON, November 2.

It is with Pleasure we can inform our Readers, That within the last Year, Thirty thousand Yards of Cloth were Manufactured in one small Country Town in this Province; so far does the Spirit of Industry begin to prevail among us, and we hope will in this way, assisted by Frugality and Oeconomy, daily afford us a more promising prospect of our emergency from the present alarming Scarcity of Money, and consequent Stagnation of Trade; and from the almost universally encreasing Complaints of Debt and Poverty.

There is a certain Herb, lately found in this Province, which begins already to take Place in the Room of Green and Bohea Tea, which is said to be of a very salutary Nature, as well as a more agreeable Flavour—It is called *Labrador*.

The Brig Lydia, James Scott, Master, own'd by John Hancock, Esq; of this Town, sails for London To-morrow, having discharged a full Freight, and loaded again in 8 Working Days, which is the greatest Dispatch ever given a Vessel in that Trade.

We are confidently told, that in the Town of Lynn upwards of Forty Thousand Pair of Womens Shoes have been made in one Year, equal in Goodness to any imported from Abroad—It is thought that in a few Years they will be supply'd with Callimanco and other Stuffs manufactured in this Province.

We are assured from good Authority, that many of the Ladies of this Town have said, that in the List of Articles not to be purchased, TEA ought by no Means to have been omitted; and that they are resolved to omit the Use of it for the future.

It is judged that the Spirit of Frugality and Oeconomy prevails in our Country Towns, as the Demand for European Superfluities is of late very greatly diminished.

Meſſieurs Edes & Gill,

THE uſe of *Hyperion* or *Labradore Tea*, is every day coming into more general vogue among people of all ranks. The virtues of the plant or ſhrub from which this delicate *Tea* is gathered, were firſt diſcovered by the *Aboriginies*, and from them the *Canadians* learned them. It ſoon became into ſuch repute that quantities were ſent to *France*, where I have heard ſay, it was ſoon in ſuch demand, as alarmed the *French Eaſt-India* company, and procured an ordinance prohibiting the importation of any more on the pain of death. So little do ſome politicians regard the health or even the life of man, when either of them appear to be incompatible with their particular intereſts, views and projects. Before the ceſſion of *Canada* to *Great-Britain*, we knew little or nothing of this moſt excellent herb: but ſince that we have been taught to find it growing on every hill and dale, between the Lat. 40. & 60. It is to be found all over New-England in great plenty, and that of the beſt quality, particularly on the banks of *Penobſcot*, *Kennebeck*, *Nichewannock* and *Merrimac*. Immenſe quantities may be found on the mountains near the great lakes.

Nothing ſhort of the higheſt degree of infatuation and madneſs could ever have prevailed with us to introduce unwholſome Exoticks. The voice of reaſon crys louder than ever for their perpetual baniſhment; and the further uſe of them muſt be accounted for but by the force of invincible prejudice. This indeed ſometimes leads to a preference of rank poiſon if far fetched and dear bought, to the moſt ſalubrious draught at hand, with little pains or coſt, tho' of ineſtimable value.

Capt. Lawrence informs us of the Death of Charles Townſhend, Eſq; Chancellor of the Exchequer, about the 3d of September; that he only ſpoke with one Veſſel on the Paſſage, and that an Indiaman, from Madraſs and Bengall, the Captain of which informed him, That an Engliſhman had lately ſet up for himſelf in that Part of the World, and had collected ſuch a Bandatti together as to be able to ſee both the Mogull, & the Engliſh Army in the Field, but that it is thought he would ſoon be cut off, notwithſtanding he was allowed to be an excellent Soldier.

He left ſeveral Northern and Southern Men, but ſays, the Trade is exceeding dull there, and Cargoes are procured with the greateſt Difficulty.

To the PRINTERS.

IN this time of great diſtreſs and grievous complaining among tradeſmen, about dulneſs of trade, and uncommon ſcarcity of money, it would be extremely beneficent if the wealthy & money'd men of all denominations, would call for their tradeſmen's bills, and pay thoſe ſums which to them are trifling and inconſiderable, but to the poor induſtrious tradeſman, the needy mechanic, and all men of narrow circumſtances, are of great conſequence; eſpecially conſidering, that in the courſe of trade and buſineſs, a little remains here, a little there, and many of theſe littles collected together, would amount to ſuch a ſum as would ſet the needy man in a free and eaſy ſituation, enable him to pay his way, and ſo the money would circulate from hand to hand until it ſoon reverted to the ſame benevolent hands that had kindly put it in motion. Theſe little payments coming ſpontaneouſly from the great, would do the poor man infinite ſervice; yet ſuch may be his condition, that he dare not aſk for one of theſe ſums through fear of offending his rich employer, and through him many others connected with him by friendſhip and intereſt, conſequently ruining his trade. Thus are many worthy men circumſtanced at this day, on every ſide threatened with impending ruin; preſſed hard by their creditors on the one ſide, afraid to demand their own on the other, and I fear, very frequently repulſed by ſome of theſe wealthy cuſtomers, where they are hardy enough to ſollicit payments with threats of feeling their keen reſentments for preſuming to dun them. Hard alternative! either to diſoblige his cuſtomers or go to goal for them! Perhaps both; endeavouring to call in his money to pay his juſt debts, he fails in his enterprize, incurs the diſpleaſure of his Cuſtomers, and at laſt goes to goal to oblige them. Conſider this, ye great! Appropriate ſome ſmall ſhare of your money to pay your tradeſmen's bills, you will thereby rejoice their deſponding hearts, revive their drooping ſpirits, give them freſh life and vigour in their ſeveral occupations, and do a greater act of charity (if I may ſo term it) than if you was to ſubſcribe large ſums towards ſome pompous charitable inſtitution. I have no doubt but many noble, generous ſpirits will readily take this public hint in good part, and ſhew their approbation by a ready compliance, and prompting one another to call for their bills and pay them with chearfulneſs.

Your's, PROBUS.

BOSTON, Novem 2.

Monday laſt the Guns at Caſtle William, and at the Batteries in this Town were fired on Occaſion of the Anniverſary of his Majeſty's Acceſſion to the Throne, the preceeding Day, when he entered the Eighth Year of his Reign.

In the ſevere Storm we had on Wedneſday laſt, a Number of Veſſels drove on the Southern Shore; the Particulars of the Loſs ſuſtain'd by it we have not yet aſcertain'd.

From Portſmouth, New-Hampſhire, we learn, That His Excellency the Governor of that Province, intent upon eſtabliſhing the Honor of the Militia, reviewed the firſt Regiment of Foot on the 15th of October, attended by His Majeſty's Council, and eſcorted by the Troop of Life-Guards: The next Day reviewed the Regiment at Dover: And on Monday following went to Hampton, and reviewed Colonel Weare's: Next Morning went to Exeter, and reviewed Colonel Gilman's: The whole Province ſeem pleaſed with this General Review, which His Excellency will continue till compleated,—Addreſſes were preſented by the Officers of each Regiment, and very great Entertainments were for His Excellency and thoſe that attended him.

The Beginning of laſt Week a Veſſel arrived at Marblehead from Cadiz, which brought in a Brigantine that had been deſerted by the People, She was met with off Cape Sables, when the Captain of the Cadiz Veſſel put on board three or four Hands, who found all the Sails ſtanding, excepting the Mainſail, which had been ſtripped off; there were no Cheſts nor any Stores on board, the Pumps had been taken out and laſh'd on the Quarter-Deck; about three Feet Water was in her Hold: The Hands that took Poſſeſſion of the Brig fix'd the Pumps and in about three Hours cleared her, and brought her in as above: She proves to be a Veſſel belonging to this Port,——Simmes, Maſter, which ſailed from hence ſometime ſince to Maryland, where ſhe was loaded with Corn, Flour, &c. to a great Value, which is ſtill on board, and was bound for Newfoundland:—But her being left in ſuch a Manner is not eaſily accounted for.

Wedneſday laſt one James Gray was committed to the Goal in this Town: This is the Perſon who was confin'd in Goal at Caſco-Bay, (but made his Eſcape) on Suſpicion of ſetting Fire to Mr. Rockwood's Houſe at Wrentham, as lately mentioned; but two Men from that Town who have been to ſee him, declare he is not the Perſon.

Friday laſt a Perſon who call'd himſelf Leonard McIntyer, received 15 Stripes at the public Whipping Poſt, for ſtealing a Watch.

In a large Circle of very agreeable Ladies in this Town, it was unanimouſly agreed to lay aſide the Uſe of Ribbons, &c. &c. &c. for which there has been ſo great a Reſort to Milliners in times paſt.—It is hoped that this Reſolution will be followed by others of the Sex throughout the Province—*How agreeable will they appear in their native Beauty, ſtript of theſe Ornaments, from the prevailing Motive of Love to their Country.*

We muſt after all our Efforts, depend greatly upon the Female Sex for the Introduction of Oeconomy among us: And thoſe who have the Pleaſure of an Acquaintance with them, aſſure us that their utmoſt Aid will not be wanting.

So ſtrong is the Diſpoſition of the Inhabitants of this Town to take off the Manufactures that come from the Country Towns, eſpecially Womens and Childrens Winter Apparel, that nothing is wanting but an Advertiſement where they may be had in Town, which will be taken in, and publiſhed by the Printers of this Paper *Gratis*.

Lately died at Wallingford, in an advanced Age, Mrs. Whittelſey, Relict of the Rev. Mr. Whittelſey, of that Town.
